SUMMARY

Motivated and detail-oriented B.Tech Data Science student at Gautam Buddha University with a strong foundation in **Data Science, Machine Learning, Cloud Computing, Artificial Intelligence, and Data Privacy. Proficient in Python, SQL, and data analysis tools**, with hands-on experience gained through academic projects, certifications, and hackathons. Strong analytical, problem-solving, and teamwork skills, with a commitment to continuous learning and technical excellence. Seeking opportunities to apply and expand technical knowledge while contributing to innovative and data-driven solutions.

SKILLS

Languages: Python , JavaScript , SQL , PHP , C++

Frontend: HTML5 , CSS3 , JavaScript

Backend & Databases: PHP , SQL , MySQL

AI/ML: Machine Learning , Data Analysis , Generative AI , Pandas ,

Cloud & Tools: Google Cloud Platform (GCP) , Git , GitHub , VS Code

PROJECTS

SecureVault – Data Privacy & Security Lab ([GitHub](#))

- Developed a secure client-side encrypted note vault for storing sensitive information.
- Implemented SHA-256 password hashing and secure authentication using the Web Crypto API.
- Enabled encryption and decryption of notes to protect confidential user data.
- Designed a responsive user interface using HTML, CSS, and JavaScript.
- Ensured privacy by processing and storing data locally without server-side exposure. cybersecurity and cryptography principles to enhance application security.

Fresh Grocery Mart – Full-Stack Grocery Shopping Platform ([GitHub](#))

- Built a full-stack grocery shopping web application with product management, user authentication, and cart functionality.
- Developed responsive UI and seamless shopping experience using modern web technologies.
- Implemented order processing and dynamic product display to improve usability and customer engagement.
- Developed a full-stack grocery e-commerce application using HTML, CSS, JavaScript, and Bootstrap, incorporating responsive design principles and interactive user features.

EDUCATION

Gautam Buddha University, Greater Noida

B.Tech in Data Science

Aug 2023 - Aug 2027

Shri Sundar Lal Inter Collage, Barabanki

Class - 12th

April 2022 - April 2023

ACHIEVEMENTS

- Google Cloud Computing Foundation and Generative AI Certification ([LinkedIn](#))
- Participant – Smart India Hackathon (SIH) 2025 ([LinkedIn](#))
- Participant – GenAI Powered Data Analytics Job Simulation Certificate of Completion ([LinkedIn](#))
- Certificate Earned: HTML Essentials ([LinkedIn](#))
- Certificate: Deloitte Data Analytics Job Simulation ([LinkedIn](#))

EXTRACURRICULAR ACTIVITIES

- Smart India Hackathon 2025 — Represented university with an innovative tech solution.
- Add any clubs, societies, events, or volunteer activities here.
- Certified in **Node.js (Basic)** by HackerRank, demonstrating strong algorithmic skills.
- Earned **JavaScript (Basic)** Certification from HackerRank for programming proficiency.
